Independent Auditors' Report

The Honorable Mayor and Members
 of the Town Council
 Town of Phillipsburg
 Phillipsburg, New Jersey

We have audited the financial statements of the various funds of the Town of Phillipsburg in the County of Warren (the "Town") as of and for the years ended December 31, 2006 and 2005, as listed in the table of contents. These financial statements are the responsibility of the Town's management. Our responsibility is to express opinions on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America, audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"), and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinions.

As described in Note 1, these financial statements have been prepared in conformity with accounting principles prescribed by the Division that demonstrate compliance with the modified accrual basis, with certain exceptions, and the budget laws of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between the statutory basis of accounting and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

In our opinion, because the Town prepares its financial statements on the basis of accounting discussed in the third paragraph, the financial statements referred to in the first paragraph, do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Town as of December 31, 2006 and 2005, and the results of its operations for the years then ended.

However, in our opinion, the financial statements referred to above, present fairly, in all material respects, the financial position of the various funds of the Town at December 31, 2006 and 2005, and the results of operations and changes in fund balances, where applicable, of such funds thereof for the years then ended, in conformity with accounting principles prescribed by the Division, as described in Note 1.

The Honorable Mayor and Members
of the Town Council
Town of Phillipsburg
Page 2

In accordance with *Government Auditing Standards*, we have also issued our report dated June 28, 2007, on our consideration of the Town's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audits.

Our audits were conducted for the purpose of forming opinions on the financial statements taken as a whole. The information included in the supplementary schedules listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements. The accompanying schedules of expenditures of federal and state awards are also presented for purposes of additional analysis and are required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Nonprofit Organizations*, and New Jersey's OMB Circular NJOMB 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid* and are not a required part of the financial statements. This information has been subjected to the auditing procedures applied in the audit of the financial statements mentioned above and, in our opinion, is fairly stated, in all material respects, in relation to the financial statements taken as a whole, on the basis of accounting described in Note 1 to the financial statements and Note B to the schedules of expenditures of federal and state awards.

TOWN OF PHILLIPSBURG
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2006

Note 1: Summary of Significant Accounting Policies

A. Reporting Entity

Except as noted below, the financial statements of the Town of Phillipsburg include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the Town of Phillipsburg, as required by N.J.S. 40A:5-5. Accordingly, the financial statements of the Town of Phillipsburg do not include the operations of the municipal library, or volunteer fire and first aid squads.

Governmental Accounting Standards Board ("GASB") *Codification Section 2100, "Defining the Financial Reporting Entity"* establishes standards to determine whether a governmental component unit should be included in the financial reporting entity. The basic criterion for inclusion or exclusion from the financial reporting entity is the exercise of oversight responsibility over agencies, boards and commissions by the primary government. The exercise of oversight responsibility includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters. In addition, certain legally separate, tax-exempt entities that meet specific criteria (i.e., benefit of economic resources, access/entitlement to resources, and significance) should be included in the financial reporting entities. As the financial reporting entity was established in accordance with New Jersey statutes, the requirements of GASB Codification Section 2100 were not followed and, accordingly, the reporting entity could be different from accounting principles generally accepted in the United States of America.

B. Description of Funds

The accounting policies of the Town of Phillipsburg conform to the accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"). Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Town of Phillipsburg accounts for its financial transactions through the following separate funds:

Current Fund - Resources and expenditures for governmental operations of a general nature, including federal and state grant funds.

Trust Funds - Receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

General Capital Fund - Receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund.

Sewer Utility Operating and Capital Funds - Account for the operations and acquisition of capital facilities of the municipally owned sewer utility.

TOWN OF PHILLIPSBURG
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2006
(Continued)

Note 1: Summary of Significant Accounting Policies (Cont'd)

B. Description of Funds (Cont'd)

General Fixed Asset Account Group - These accounts were established with estimated values of land, buildings and certain fixed assets of the Town as discussed in Note 1E.

C. Basis of Accounting

Basis of accounting refers to when revenue and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The accounting policies of the Town of Phillipsburg conform to the accounting principles applicable to municipalities which have been prescribed by the Division, which differ in certain respects from accounting principles generally accepted in the United States of America applicable to local governmental units. The more significant policies in New Jersey follow.

Revenue is recorded when received in cash except for certain amounts which may be due from the State of New Jersey and for the prepayment of future years' revenue. Grant revenue is realized in the Operating Funds when it is budgeted and in the Capital Funds when improvements are authorized. The amounts recorded as property taxes and consumer accounts receivable have not been included in revenue. Amounts that are due to the municipality, which are susceptible of accrual, are recorded as receivables with offsetting reserves in the Current Fund.

Expenditures are charged to operations generally based on budgeted amounts. Exceptions to this general rule include:

1. Accumulated unpaid vacation, sick pay and other employee benefit amounts are not accrued.
2. Prepaid expenses, such as insurance premiums applicable to subsequent periods, are not recorded and are charged to current budget appropriations in total.
3. Principal and interest on long-term debt are recognized when due.

Expenditures, if any, in excess of appropriations, appropriation reserves or ordinances become deferred charges which must be raised by future taxes. Outstanding encumbrances at December 31 are reported as a cash liability in the financial statements and constitute part of the statutory appropriation reserve balance. Appropriation reserves covering unexpended appropriation balances are automatically created at December 31 of each year and recorded as liabilities, except for amounts which may be cancelled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income.

TOWN OF PHILLIPSBURG
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2006
(Continued)

Note 1: Summary of Significant Accounting Policies (Cont'd)

C. Basis of Accounting (Cont'd)

Had the Town's financial statements been prepared under accounting principles generally accepted in the United States of America, encumbrances would not be considered as expenditures; appropriation reserves would not be recorded; revenue susceptible to accrual would have been reflected without offsetting reserves; Federal and State grants and assistance would be recognized when earned, not when received; inventories would not be reflected as expenditures at the time of purchase; and fixed assets purchased by the Utility Capital Funds would be depreciated.

The cash basis of accounting is followed in the Trust and Capital Funds.

- D. Deferred Charges to Future Taxation – The Capital Fund balance sheet includes both funded and unfunded deferred charges. Funded means that bonds have been issued and are being paid off on a serial basis. Unfunded means the debt has been authorized but not permanently financed. A municipality can eliminate an unfunded deferred charge by raising it in the budget or collecting a grant. The unfunded deferred charge may also be funded by selling bonds.

E. Other significant accounting policies include:

Management Estimates – The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents – Amounts include petty cash, change funds, amounts on deposit, and short-term investments with original maturities of three months or less.

Investments – Investments are stated at cost or amortized cost, which approximates market.

Allowance for Uncollectible Accounts – No allowance for uncollectible accounts has been recorded as all amounts are considered collectible.

Compensated Absences – Expenditures relating to unused vested accumulated vacation and sick pay are not recorded until paid. However, a partial reserve, the Reserve for Accrued Sick and Vacation, has been established in the amount of \$31,419.92 on the Trust Fund balance sheet at December 31, 2006.

Foreclosed Property - Foreclosed property is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved.

Interfunds - Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

TOWN OF PHILLIPSBURG
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2006
(Continued)

Note 1: Summary of Significant Accounting Policies (Cont'd)

Grants Receivable - Grants receivable represent the total grant awards less amounts collected to date. Because the amount of grant funds to be collected are dependent on the total costs eligible for reimbursement, the actual amount collected may be less than the total amount awarded.

Inventories of Supplies - The cost of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The cost of inventories is not included on the various balance sheets.

General Fixed Assets Account Group - In accordance with Technical Accounting Directive No. 85-2, Accounting for Governmental Fixed Assets, as promulgated by the Division of Local Government Services, the Town has developed a fixed assets accounting and reporting system based on the following:

General fixed assets are recorded at historical cost as estimated by the independent appraisal company which conducted the inventory of the Town's assets in 2003. Subsequent fixed assets purchases are valued at historical cost. Infrastructure assets are not included in general fixed assets, as per state directive. Major renewals and betterments are charged to the asset accounts; maintenance and minor repairs and replacements, which do not improve or extend the lives of the respective assets, are expensed currently. Donated fixed assets are valued at their fair market value on the date donated. The total value recorded for general fixed assets is offset by a "Reserve for General Fixed Assets." When properties are retired or otherwise disposed of, the asset and the reserve are adjusted accordingly. Assets recorded in the General Fixed Assets Account Group may also be recorded in the Current Fund, General Capital Fund and Sewer Utility Funds. The values recorded in the General Fixed Asset Account Group and the Current, General Capital and Sewer Utility Funds may not always agree due to differences in valuation methods, timing of recognition of assets, and the recognition of infrastructures. Capital assets are reviewed for impairment.

Property and equipment purchased by the Sewer Utility Fund are recorded in the capital account at cost and are not adjusted for dispositions and abandonments. Contributions in aid of construction are not capitalized. The balances in the Reserve for Amortization and Deferred Reserve for Amortization accounts in the utility capital fund represent charges to operations for the cost of acquisitions of property, equipment and improvements. The utility does not record depreciation on fixed assets.

- F. Budget/Budgetary Control - Annual appropriated budgets are usually prepared in the first quarter for the Current operating and Sewer Utility Operating Funds. The budgets are submitted to the governing body and the Division of Local Government Services. Budgets are prepared using the cash basis of accounting. The legal level of budgetary control is established at the line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the flexible chart of accounts referenced in N.J.S.A. 40A. All budget amendments/transfers must be approved by the Town during the year.

Note 2: Long-Term Debt

Summary of Municipal Debt

The Local Bond Law governs the issuance of bond to finance general Town capital expenditures. All bonds are retired in serial installments within the statutory period of usefulness. All bonds issued by the Town are general obligation bonds. The Town's full faith and credit and taxing power has been pledged to the payment of the general obligation debt principal and interest.

Note 2: Long-Term Debt (Cont'd)

General Capital New Jersey Green Acres Loan

The Town entered into a \$250,000 loan agreement with the New Jersey Department of Environmental Protection in 2001 for Improvements to Delaware Heights Park. The loan funds were drawn down in 2005. Principal payments for this loan will commence on a semiannual basis beginning on July 11, 2006 and will continue until July 31, 2025 at 2% interest.

Wastewater Treatment Loans

The Town of Phillipsburg entered into three loan agreements with the State of New Jersey, acting by and through the NJ Department of Environmental Protection Fund (the "Fund"), and the NJ Wastewater Treatment Trust (the "Trust") which are recorded in the General Capital Fund. Also, the Town of Phillipsburg entered into five loan agreements with the State of New Jersey, acting by and through the NJ Department of Environmental Protection Fund (the "Fund"), and the NJ Wastewater Treatment Trust (the "Trust") which are recorded in the Sewer Utility Capital Fund.

The loan agreements were obtained to finance a portion of the cost of several wastewater treatment system projects.

At December 31, 2005, the Town has borrowed or "drawn down" all Loan funds necessary to complete the wastewater treatment systems projects partially funded with the Loan funds. Principal payments to the Fund for the General Capital Fund loans will continue on a semiannual basis until February 1, 2013 at zero interest. Principal payments to the Trust for the General Capital Fund loans will continue on an annual basis until February 1, 2013. Principal payments to the Fund for the Sewer Utility Capital Fund loans will continue on a semiannual basis until February 1, 2013 at zero interest. Principal payments to the Trust for the Sewer Utility Capital Fund loans will continue on an annual basis until February 1, 2013. It is expected that interest will be paid from trust bond proceeds on deposit in the capitalized interest account (as defined in the bond resolution), and earnings thereon on the debt service reserve fund (as defined in the bond resolution) transferred to such capitalized interest account for two of the three General Capital Fund loans and four of the five Sewer Utility Capital Fund loans. The Town will nonetheless be responsible for all such interest payments to the extent such trust bond proceeds and interest earnings are not available from the capitalized interest account. As the Town did not draw down the entire loan proceeds on certain loans, the semi-annual Trust portion of the related loans' debt service was reduced by the proceeds not drawn down and the interest earnings on the Trust portion of the loan proceeds. The Fund proceeds not drawn down by the Town have been used to reduce the principal repayments at the end of the amortization period of the related loans.

Also, an annual administrative fee of fifteen one hundredths of one percent (.15%) of the initial principal amount of the loan or such lesser amount, if any, as the Trust may approve from time to time is payable on these loans.

Fund balances at December 31, 2006, which are included in the Current and Sewer Utility Operating Fund budgets for the year ending December 31, 2007, are as follows:

Current Fund	\$1,365,000
Sewer Utility Operating Fund	1,031,485

Note 4: Local School District Taxes

Regulations provide for the deferral of not more than 50% of the annual levy when school taxes are raised for a school year and have not been requisitioned by the school district.

The Town of Phillipsburg has elected not to defer school taxes.

Note 5: Pension Plans

Current Town employees are enrolled in one of two cost sharing multiple-employer public employee retirement systems: the Public Employees' Retirement System (PERS) or the Police and Firemen's Retirement System (PFRS) of New Jersey. The State of New Jersey sponsors and administers these two plans which cover substantially all Town employees. As a general rule, all full-time employees are eligible to join one of these two public employees' retirement systems. Several retired Town police and firemen are enrolled in the Consolidated Police and Firemen's Pension Fund (CPFPF) of New Jersey.

Employees who are members of PERS and retire at or after age 55 are entitled to a retirement benefit based upon a formula which takes 1/55th of the average annual compensation for the highest three fiscal years' compensation for each year of membership during years of creditable

Note 5: Pension Plans (Cont'd)

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of each of the above systems, funds and trust. The financial reports may be obtained by writing to the State of New Jersey, Department of Treasury, Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey 08625-0295.

The contribution policy is set by New Jersey State Statutes and, in most retirement systems, contributions are required by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. Employee contributions are based on percentages of 5.0% for PERS and 8.5% for PFRS of employees' annual compensation, as defined. There are no active members in the CPFPPF. Employers are required to contribute at an actuarially determined rate in the three Funds. The actuarially determined employer contribution includes funding for cost-of-living adjustments and noncontributory death benefits.

Town contributions to the three pension systems noted above amounted to \$305,642, \$155,613, and \$64,761 for 2006, 2005 and 2004, respectively. For PFRS and PERS, the annual pension cost differs from the annual required contribution due to the enactment of Chapter 114, P.L. 1997.

Effective July 1, 2003, Chapter 108, P.L. 2003 provides for a reduction or "phase-in" of the required pension contribution to PERS for local employers for State fiscal years 2005-2008. The local employer PERS normal and accrued liability contributions required for State fiscal years 2005-2008 are as follows:

- 20% for payments due in State fiscal year 2005
- Not more than 40% for payments due in State fiscal year 2006
- Not more than 60% for payments due in State fiscal year 2007
- Not more than 80% for payments due in State fiscal year 2008

Effective July 1, 2003, Chapter 108, P.L. 2003 provides for a reduction or "phase-in" of the required pension contribution to PFRS for local employers for State fiscal years 2004-2007. The local employer PFRS normal and accrued liability contributions required for State fiscal years 2004-2007 are as follows:

- 20% for payments due in State fiscal year 2004
- Not more than 40% for payments due in State fiscal year 2005
- Not more than 60% for payments due in State fiscal year 2006
- Not more than 80% for payments due in State fiscal year 2007

Note 6: Accrued Sick and Vacation Benefits

The Town permits employees to accrue a limited amount of unused vacation and sick pay, which may be taken as time off or paid at a later date at an agreed-upon rate. It is estimated that the current cost of such unpaid compensation would approximate \$932,500. This amount is not reported either as an expenditure or a liability. However, it is expected that the cost of such unpaid

compensation would be included in the Town's budget operating expenditures in the year in which it is used. This amount is partially reserved in the Reserve for Accrued Sick and Vacation of \$31,419.92 on the Trust Fund balance sheet at December 31, 2006.

Note 7: Selected Tax Information

Property taxes are levied as of January 1 on property values assessed as of the previous calendar year. The tax levy is divided into two billings. The first billing is an estimate of the current year's levy based on the prior year's taxes. The second billing reflects adjustments to the current year's actual levy. The final tax bill is usually mailed on or before June 14th along with the first half estimated tax bills for the subsequent year. The first half estimated taxes are divided into two due dates, February 1 and May 1. The final tax bills are also divided into two due dates, August 1 and November 1. A ten-day grace period is usually granted before the taxes are considered delinquent and the imposition of interest charges. A penalty may be assessed for any unpaid taxes in excess of \$10,000 at December 31 of the current year. Unpaid taxes of the prior year may be placed in lien at a tax sale held after April 1 and through December 31.

Unpaid taxes of the current year may be placed in lien at a tax sale held after December 10.

Comparison of Tax Levies and Collection Currently

A study of this tabulation could indicate a possible trend in future tax levies. A decrease in the percentage of current collection could be an indication of a probable increase in future tax levies.

<u>Year</u>	<u>Tax Levy</u>	<u>Currently</u>	
		<u>Cash Collections</u>	<u>Percentage of Collection</u>
2006	\$ 19,302,688.35	\$ 18,673,328.65	96.74%
2005	18,454,602.36	17,834,972.15	96.64%
2004	17,384,677.26	16,730,174.34	96.23%

Also, increases in future tax levies can also be warranted if revenue sources outside of those directly generated by the municipality, such as federal or state aid, should decline without corresponding decreases in budgeted expenditures.

Note 8: Cash and Cash Equivalents

Cash and cash equivalents include change funds, amounts on deposit, and short-term investments with original maturities of three months or less.

Investments are stated at cost, which approximates market. The Town classifies certificates of deposit which have original maturity dates of more than three months but less than twelve months from the date of purchase, as investments.

GASB Statement No. 40, *Governmental Accounting Standards Board Deposit and Investment Risk Disclosures*, requires disclosure of the level of custodial credit risk assumed by the Town in its cash, cash equivalents and investments, if those items are uninsured or unregistered. Custodial risk is the risk that in the event of bank failure, the government's deposits may not be returned.

Interest Rate Risk – In accordance with its cash management plan, the Town ensures that any deposit or investments matures within the time period that approximates the prospective need for the funds, deposited or invested, so that there is not a risk to the market value of such deposits or investments.

Credit Risk – The Town limits its investments to those authorized in its cash management plan which are permitted under state statutes as detailed on the following pages.

Deposits

New Jersey statutes permit the deposit of public funds in institutions located in New Jersey, which are insured by the Federal Deposit Insurance Corporation (FDIC), or by any other

agencies of the United States that insure deposits or the State of New Jersey Cash Management Fund.

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed insurance limits as follows:

The market value of the collateral must equal 5% of the average daily balance of public funds; or

If the public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value equal to 100% of the amount exceeding 75%.

All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank Board or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

Investments

New Jersey statutes permit the Town to purchase the following types of securities:

- (1) Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America;
- (2) Government money market mutual funds;
- (3) Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest not dependent on any index or other external factor;
- (4) Bonds or other obligations of the local unit or bonds or other obligations of school districts of which the local unit is a part or within which the school district is located;
- (5) Bonds or other obligations, having a maturity date not more than 397 days from the date of purchase, approved by the Division of Investment of the Department of the Treasury for investment by local units;
- (6) Local government investment pools;
- (7) Deposits with the State of New Jersey Cash Management Fund; or
- (8) Agreements for the repurchase of fully collateralized securities if:
 - (a) the underlying securities are permitted investments pursuant to paragraphs (1) and (3) above;

- (b) the custody of collateral is transferred to a third party;
- (c) the maturity of the agreement is not more than 30 days;
- (d) the underlying securities are purchased through a public depository as defined in statute; and
- (e) a master repurchase agreement providing for the custody and security of collateral is executed.

As of December 31, 2006, cash and cash equivalents of the Town of Phillipsburg consisted of the following:

The Town did not hold any investments during the year ended December 31, 2006. The carrying amount of the Town's cash and cash equivalents at year end was \$12,157,763.72 and the bank balance was \$12,169,488.81. The \$10,378,353.94 in the money market accounts is uninsured and unregistered.

Note 9: Risk Management

The Town is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Town obtains their health benefit coverage through Horizon Blue Cross/Blue Shield of NJ.

The Town of Phillipsburg is currently a member of the Statewide Insurance Fund (the "Fund"). The Fund provides its members with Auto, Liability, Property Insurance, Workers' Compensation and Employee Liability Insurance. The Fund is a risk-sharing public entity risk pool that is both an insured and self administered group of governmental entities established for the purpose of providing low-cost insurance coverage for its members in order to keep local property taxes at a minimum. Each member appoints an official to represent their respective entity for the purpose of creating a governing body from which officers for the Fund are elected.

As a member of this Fund, the Town could be subject to supplemental assessments in the event of deficiencies. If the assets of the Fund were to be exhausted, members would become responsible for their respective shares of the Fund's liabilities.

New Jersey Unemployment Compensation Insurance

The Town has elected to fund its New Jersey Unemployment Compensation Insurance under the "Contributory Method". Under this plan, the Town is required to remit employee withholdings to the State on a quarterly basis. All of the Town's claims are paid by the State.

Note 10: Community Development Revolving Loan Program

In 1982, the Town of Phillipsburg received two Small Cities Community Development Block Grants from the New Jersey Department of Community Affairs. These grant funds were utilized to revitalize the downtown area of Phillipsburg and to create jobs for low-income people in the community. The grant funds were provided to eligible participants through low-interest loans. In 1984, the Town was granted approval from the New Jersey Department of

Note 10: Community Development Revolving Loan Program

Community Affairs to utilize loan repayments received for the provision of new loans for other projects which would provide for the creation of jobs for low-income people in the community. This program is included in the Other Trust Funds as the Community Development Revolving Loan Program.

Note 11: Contingencies

The Town is periodically involved in various other lawsuits arising in the normal course of business, which often include claims for property damage, personal injury, and various contract disputes. In the opinion of management, the ultimate outcome of these lawsuits will not have a material adverse effect on the Town's financial position as of December 31, 2006.

Amounts received or receivable from grantors, principally the federal and state governments, are subject to regulatory requirements and adjustments by the agencies. Any disallowed claims, including amounts previously recognized by the Town as revenue would constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantors cannot be determined at this time, although Town officials expect such amounts, if any, to be immaterial.

Note 12: Interfund Receivables and Payables

The following interfund balances remained on the various balance sheets at December 31, 2006:

<u>Fund</u>	<u>Interfund Receivable</u>	<u>Interfund Payable</u>
Current	\$ 520,141.14	
Federal and State Grant		308,807.89
Animal Control		2,593.84
Other Trust		3,509.78
General Capital		205,229.63
Sewer Utility Operating	6,483.30	
Sewer Utility Capital		6,483.30
	<u>\$ 526,624.44</u>	<u>\$ 526,624.44</u>

The interfund receivable in the Current Fund is due primarily to the \$308,807.89 interfund with the Federal and State Grant Fund. This interfund is the net of Federal and State Grant Fund expenditures paid by the Current Fund and Federal and State Grant Fund receipts collected by the Current Fund. The interfund receivable in the Sewer Utility Operating Fund is interest earned in the Sewer Utility Capital Fund in December 2006. The Other Trust Fund interfund payable due to the Current Fund reflects December 2006 interest earnings. The General Capital Fund interfund payable due to the Current Fund is comprised of December 2006 interest

earnings of \$10,512.33 and the Reserve for Payment of Debt Service of \$194,717.30 which was recognized as revenue in the Current Fund in 2006. The interfund payable in the Animal Control Fund due to the Current Fund is primarily comprised of a \$2,609.64 statutory excess in the Reserve for Animal Control Fund Expenditures due to the Current Fund offset by license fees due to the Animal Control Fund.

Note 13: Economic Dependency

The Town receives a substantial amount of its support from federal and state governments. A significant reduction in the level of support, if this were to occur, may have an effect on the Town's programs and activities.

Note 14: Fixed Assets

The following is a summarization of general fixed assets for the years ended December 31, 2005 and 2006:

TOWN OF PHILLIPSBURG
NOTES TO SCHEDULES OF EXPENDITURES OF FEDERAL AND STATE AWARDS
YEAR ENDED DECEMBER 31, 2006

A. GENERAL

The accompanying Schedules of Expenditures of Federal and State Awards present the activity of all federal and state award programs of the Town of Phillipsburg. The Town of Phillipsburg is defined in Note 1 to the Town's financial statements. All federal and state financial awards received directly from federal and state agencies, as well as federal and state financial awards passed through other government agencies are included on the schedules of expenditures of federal and state awards.

B. BASIS OF ACCOUNTING

The accompanying Schedules of Expenditures of Federal and State Awards are presented using the cash basis of accounting. The information in these schedules is presented in accordance with the requirements of federal OMB Circular A-133, *Audits of States, Local Governments and Nonprofit Organizations*.

C. RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

D. THRESHOLD FOR FEDERAL AND STATE AWARDS

The threshold for distinguishing state Type A and B programs was \$300,000. The Town qualified as a "low-risk" auditee under the provisions of section 530 of the Circular.

E. COMMUNITY DEVELOPMENT REVOLVING LOAN PROGRAM

In 1982, the Town of Phillipsburg received two Small Cities Community Development Block Grants from the New Jersey Department of Community Affairs. These grant funds were utilized to revitalize the downtown area of Phillipsburg and to create jobs for low-income people in the community. The grant funds were provided to eligible participants through low-interest loans. In 1984, the Town was granted approval from the New Jersey Department of Community Affairs to utilize loan repayments received for the provision of new loans for other projects which would provide for the creation of jobs for low-income people in the community. This program is included in the Other Trust Funds as the Community Development Revolving Loan Program.

F. NJ WASTEWATER TREATMENT LOANS PAYABLE

At December 31, 2006, the Town has \$358,232.09 and \$244,287.68 of NJ Wastewater Treatment Trust and Fund Loans Payable outstanding which are recorded in the General Capital Fund. The Town also has \$2,402,740.61 and \$1,268,239.14 of NJ Wastewater Treatment Trust and Fund Loans Payable outstanding which are recorded in the Sewer Utility Capital Fund.

Currently, the Town is in the process of repaying the loan balances. There were no loan receipts or expenditures in the current year. The projects which relate to the loans are complete.

Independent Auditors' Report on Internal Control Over Financial Reporting
 and on Compliance and Other Matters Based on an Audit of Financial
 Statements Performed in Accordance with *Government Auditing Standards*

The Honorable Mayor and Members
 of the Town Council
 Town of Phillipsburg
 Phillipsburg, New Jersey

We have audited the financial statements of the Town of Phillipsburg, in the County of Warren (the "Town") as of, and for the years ended, December 31, 2006 and 2005 and have issued our report thereon dated June 28, 2007, which indicated that the financial statements have been prepared on an other comprehensive basis of accounting. We conducted our audits in accordance with auditing standards generally accepted in the United States of America, audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Town's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of providing an opinion on the effectiveness of the Town's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Town's ability to initiate, authorize, record, process, or report financial data reliably in accordance with accounting principles prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division") such that there is more than a remote likelihood that a misstatement of the Town's financial statements that is more than inconsequential will not be detected by the Town's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Town's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

The Honorable Mayor and Members
of the Town Council
Town of Phillipsburg

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*. However, we noted certain matters that we have reported to management in the Comments and Recommendations section of this report.

This report is intended solely for the information and use of the Mayor, the Members of the Town Council, Management of the Town, and to meet the requirements for filing with the Division of Local Government Services, federal and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Independent Auditors' Report on Compliance with Requirements Applicable to Each
 Major Program and on Internal Control Over Compliance in Accordance with OMB Circular
 A-133 and New Jersey's OMB Circular NJOMB 04-04

The Honorable Mayor and Members
 of the Town Council
 Town of Phillipsburg
 Phillipsburg, New Jersey

Compliance

We have audited the compliance of the Town of Phillipsburg in the County of Warren (the "Town") with the types of compliance requirements described in the U.S. Office of Management and Budget (the "OMB") *Circular A-133 Compliance Supplement* and the *New Jersey State Aid/Grant Compliance Supplement* that are applicable to each of its major federal and state programs for the year ended December 31, 2006. The Town's major federal and state programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal and state programs is the responsibility of the Town's management. Our responsibility is to express an opinion on the Town's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; OMB Circular A-133, *Audits of States, Local Governments and Nonprofit Organizations*, and New Jersey's OMB Circular NJOMB 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid*. Those standards, OMB Circular A-133 and New Jersey's OMB Circular NJOMB 04-04 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the Town's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Town's compliance with those requirements.

In our opinion, the Town complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal and state programs for the year ended December 31, 2006.

The Honorable Mayor and Members
of the Town Council
Town of Phillipsburg

Internal Control Over Compliance

The management of the Town is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal and state programs. In planning and performing our audit, we considered the Town's internal control over compliance with requirements that could have a direct and material effect on a major federal or state program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing our opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control over compliance.

A control deficiency in a Town's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Town's ability to administer a federal or state program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal or state program that is more than inconsequential will not be prevented or detected by the Town's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented or detected by the Town's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the Mayor, the Members of the Town Council, Management of the Town, and to meet the requirements for filing with the Division of Local Government Services, federal and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

There were no prior year findings.

TOWN OF PHILLIPSBURG
COMMENTS AND RECOMMENDATIONS

Contracts and Agreements Required to be Advertised for N.J.S.A. 40A:11-4

N.J.S.A. 40A:11-3 states:

a. " When the cost or price of any contract awarded by the contracting agent in the aggregate does not exceed in a contract year the total sum of \$17,500, the contract may be awarded by a purchasing agent when so authorized by ordinance or resolution, as appropriate to the contracting unit, of the governing body of the contracting unit without public advertising for bids, except that the governing body of any contracting unit may adopt an ordinance or resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If the purchasing agent is qualified pursuant to Subsection b. of Section 9 of P.L. 1971, C.198 (N.J.S.A. 40A:11-9), the governing body of the contracting unit may establish that the bid threshold may be up to \$25,000. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section.

b. Any contract made pursuant to this section may be awarded for a period of 24 consecutive months, except that contracts for professional services pursuant to subparagraph (i) of paragraph (a) of subsection (1) of section 5 of P.L. 1971, C.198 (N.J.S.A. 40A:11-5) may be awarded for a period not exceeding 12 consecutive months. The Division of Local Government Services shall adopt and promulgate rules and regulations concerning the methods of accounting for all contracts that do not coincide with the contracting unit's fiscal year.

c. The Governor, in consultation with the Department of the Treasury, shall, no later than March 1 of every fifth year beginning in the fifth year after the year in which P.L. 1999, C.440 takes effect, adjust the threshold amount and the higher threshold amount which the governing body is permitted to establish, as set forth in subsection a. of this section, or the threshold amount resulting from any adjustment under this subsection, in direct proportion to the rise or fall of the index rate as that term is defined in section 2 of P.L. 1971, C.198 (N.J.S.A. 40A:11-2), and shall round the adjustment to the nearest \$1,000. The Governor shall, no later than June 1 of every fifth year, notify each governing body of the adjustment. The adjustment shall become effective on July 1 of the year in which it is made."

N.J.S.A. 40A: 11-4 states: "Every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. The governing body of a contracting unit may, by resolution approved by a majority of the governing body and subject to subsections b. and c. of this section, disqualify a bidder who would otherwise be determined to be the lowest responsible bidder, if the governing body finds that it has had prior negative experience with the bidder."

Effective July 1, 2005, the bid threshold in accordance with N.J.S.A. 40A:11-3 and 40A:11-4 (as amended) is \$21,000, and with a qualified purchasing agent the threshold may be up to \$29,000.

The governing body of the Town of Phillipsburg has the responsibility of determining whether the expenditures in any category will exceed the bid threshold within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Town Counsel's opinion should be sought before a commitment is made.

The minutes indicated that bids were requested by public advertising per N.J.S.A. 40A:11-4. The minutes also indicated that resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services".

Contracts and Agreements Required to be Advertised for N.J.S.A. 40A:11-4 (Cont'd)

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed. No exceptions were noted.

Collection of Interest on Delinquent Taxes and Sewer Rents

The statute provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent.

On January 25, 1994, the governing body adopted the following ordinance authorizing interest to be charged on delinquent taxes:

“WHEREAS, the Town of Phillipsburg wishes to set forth procedures for the collection of taxes;

NOW, THEREFORE, BE IT ORDAINED by the Town Council of the Town of Phillipsburg that the procedures are set forth as follows:

DELINQUENT TAX PAYMENTS

The below-stated charges shall be assessed against delinquent accounts:

Interest - 8% per annum on first \$1,500. 18% per annum on amounts in excess of \$1,500.

Penalties - Additional 6% on amounts in excess of \$10,000 as of December 31 current year.

Grace Period - A ten (10) day grace period shall be granted for the payment of current taxes.”

It appears from an examination of the Collector's records that interest was collected in accordance with the foregoing ordinance.

On January 25, 1994, the governing body adopted the following ordinance authorizing interest to be charged on delinquent sewer payments:

“WHEREAS, the Town of Phillipsburg wishes to set forth procedures for the collection of sewer payments;

NOW, THEREFORE, BE IT ORDAINED by the Town Council of the Town of Phillipsburg that the procedures are set forth as follows:

DELINQUENT SEWER PAYMENTS

The below-stated charges shall be assessed against delinquent accounts:

Interest - 8% per annum on first \$1,500. 18% per annum on amounts in excess of \$1,500.

Penalties - Additional 6% on amounts in excess of \$10,000 as of December 31 current year.

It appears from an examination of the Collector's records that interest was collected in accordance with the foregoing ordinance.

Delinquent Taxes and Tax Title Liens/Sewer Liens

The last tax sale was held on November 30, 2006, and was complete with respect to all items eligible for sale.

The following comparison is made of the number of sewer and tax title liens receivable on December 31, of the last three years.

<u>Year</u>	<u>Number of Liens</u>
2006	9
2005	10
2004	11

It is essential to good management that all means provided by statute be utilized to liquidate tax title liens and sewer liens in order to get such properties back on a taxpaying basis.

Verification of Delinquent Taxes and Other Charges

A test verification of delinquent charges and current payments was made in accordance with the regulations of the Division of Local Government Services, including the mailing of verification notices as follows:

<u>Type</u>	<u>Number Mailed</u>
Payments of 2006 Taxes	20
Payments of Sewer Utility Charges	10
Delinquent Taxes	20
Delinquent Sewer Utility Charges	10
Tax Title Liens	3
Sewer Liens	1

Vouchers

During our review of the cash disbursement records, it was noted that vouchers for library disbursements did not always contain receipt of good signatures.

It is recommended that vouchers for library disbursements contain receipt of goods signatures.

Management's Response:

In the future, all library vouchers will contain receipt of goods signatures.

Federal and State Grant Receivables/Appropriated Grant Reserves

Although a number of federal and state grant receivables and appropriated grant reserve balances were cancelled during 2006, there are still certain older federal and state grant receivable balances particularly Urban Enterprise Zone grant receivable balances which have not been collected. A definite effort has been made to submit reimbursement requests for the Urban Enterprise Fund grants in a more timely manner. However, the uncollected Urban Enterprise Zone receivable balances at year end resulted in an interfund receivable in the Current Fund of \$308,807.89 which has an impact on Current Fund fund balance. Also, there are a number of older appropriated grant reserve balances. A large number of these appropriated grant reserve balances are for Urban Enterprise Zone grants.

It is recommended that the Town continue to pursue collection of the older federal and grant receivable balances particularly the Urban Enterprise Zone receivable balances to lessen the impact on Current Fund fund balance. Every effort should be made to ensure that reimbursement requests for the Urban Enterprise Zone grants are submitted for reimbursement to the State in a timely manner. Also, the older appropriated grant reserve balances especially the Urban Enterprise Zone balances should be reviewed for possible cancellation.

Management's Response

The Town is pursuing collection of these older grant receivable balances and reviewing the appropriated grant reserve balances for possible cancellation. An emphasis will be placed on reviewing the Urban Enterprise Zone grant receivable and appropriated grant reserve balances. The Urban Enterprise Zone Office will make an extra effort to ensure that reimbursement requests to the State are submitted in as timely a manner as possible in the future.

TOWN OF PHILLIPSBURG
COMMENTS AND RECOMMENDATIONS
(Continued)

Single Audit

During our review of the Urban Enterprise Zone grants, it was noted that the unexpended balances for certain grants per the Town's accounting records were not reconciled with the unexpended balances reported on the quarterly Urban Enterprise Zone financial reports and supporting records.

It is recommended that the unexpended Urban Enterprise Zone grant balances per the Town's accounting records be reconciled with the Urban Enterprise Zone quarterly financial reports and supporting records on at least a quarterly basis.

Management's Response

The Urban Enterprise Zone will ensure that their quarterly financial reports and supporting records are reconciled with the Town's accounting records on at least a quarterly basis.

Outside Offices

During our audit of the various outside offices we noted the following:

- 1.) The Police Department did not maintain a proper cash book for 2006. The cash receipts sheets maintained were not totaled on a monthly basis and in a number of instances did not include the date of receipt.
- 2.) Certain Public Works receipts were not posted to that department's cash receipt spreadsheets.

It is recommended that:

- 1.) A cash receipts book be maintained for the Police Department which includes the date of receipt for all collections and is totaled on a monthly basis.
- 2.) Every effort be made to ensure that all collections are included in the Public Works cash receipts spreadsheets.

Management's Response

The Police Department will maintain a cashbook that contains the date of receipt for all collections and is totaled on a monthly basis. Every effort will be made to ensure that all collections are included in the Public Works cash receipts spreadsheets.

Capital Fund

There is one General Capital Fund ordinance and one Sewer Utility Capital Fund ordinance which are over five years old and which have deficit cash balances at December 31, 2006. This situation arises when expenditures are made from an ordinance without the respective debt being issued. As the amount of the cash deficit in the General Capital Fund ordinance is minor and the Town has funded most of the Sewer Utility Capital Fund cash deficit in the 2007 Sewer Utility Operating Fund budget, no formal recommendation is judged to be warranted.

TOWN OF PHILLIPSBURG
COMMENTS AND RECOMMENDATIONS
(Continued)

Interfunds

All of the prior year interfunds were liquidated in 2006. However, there are a number of interfund receivable balances as of December 31, 2006 including large interfund receivable due to the Current Fund from the Federal and State Grant Fund and the General Capital Fund. These interfund receivables place restrictions on the cash flow of the various balance sheets as well as Current Fund fund balance.

A continuing effort should be made to limit interfund activity in 2007.

Management's Response

The Town had submitted reimbursements to the state for certain grants receivable prior to year end but has experienced delays in collection of those receivables due to requests for additional information from the State. Every effort will be made to limit the number of interfund transactions in 2007.

Corrective Action Plan

The Town has initiated a corrective action plan to resolve comments and recommendations from the 2005 audit report. Recommendation 2 was resolved during 2006. Corrective action is in the process of being implemented for recommendations 1, 3 and 4.

TOWN OF PHILLIPSBURG
SUMMARY OF RECOMMENDATIONS

It is recommended that:

1. Vouchers for library disbursements contain receipt of goods signatures.
2. The Town continue to pursue collection of the older federal and state grant receivable balances particularly the Urban Enterprise Zone receivable balances to lessen the impact on Current Fund balance. Every effort should be made to ensure that reimbursement requests for the Urban Enterprise Zone grants are submitted for reimbursement to the State in a timely manner. Also, the older appropriation reserve balances especially the Urban Enterprise Zone balances should be reviewed for possible cancellation.
3. The unexpended Urban Enterprise Zone grant balances per the Town's accounting records be reconciled with the Urban Enterprise Zone quarterly financial reports and supporting records on at least a quarterly basis.
4. Outside Offices:
 - a. A cash receipts book be maintained for the Police Department which includes the date of receipt for all collections and is totaled on a monthly basis.
 - b. Every effort be made to ensure that all collections are included in the Public Works cash receipts spreadsheets.
5. A continuing effort should be made to limit interfund activity in 2007.
