Independent Auditors' Report

The Honorable Mayor and Members
 of the Town Council
 Town of Phillipsburg
 Phillipsburg, New Jersey

We have audited the financial statements of the various funds of the Town of Phillipsburg in the County of Warren (the "Town") as of and for the years ended December 31, 2010 and 2009, as listed in the table of contents. These financial statements are the responsibility of the Town's management. Our responsibility is to express opinions on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America, audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"), and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinions.

As described in Note 1, these financial statements have been prepared in conformity with accounting principles prescribed by the Division that demonstrate compliance with the modified accrual basis, with certain exceptions, and the budget laws of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between the statutory basis of accounting and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

In our opinion, because the Town prepares its financial statements on the basis of accounting discussed in the third paragraph, the financial statements referred to in the first paragraph, do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Town as of December 31, 2010 and 2009, and the results of its operations for the years then ended.

However, in our opinion, the financial statements referred to above, present fairly, in all material respects, the financial position of the various funds of the Town at December 31, 2010 and 2009, and the results of operations and changes in fund balances, where applicable, of such funds thereof for the years then ended, in conformity with accounting principles prescribed by the Division, as described in Note 1.

The Honorable Mayor and Members
of the Town Council
Town of Phillipsburg
Page 2

In accordance with *Government Auditing Standards*, we have also issued our report dated May 6, 2011, on our consideration of the Town's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audits.

Our audits were conducted for the purpose of forming opinions on the financial statements taken as a whole. The information included in the supplementary schedules listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements. The accompanying schedules of expenditures of federal and state awards are also presented for purposes of additional analysis and are required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Nonprofit Organizations*, and New Jersey's OMB Circular NJOMB 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid* and are not a required part of the financial statements. This information has been subjected to the auditing procedures applied in the audit of the financial statements mentioned above and, in our opinion, is fairly stated, in all material respects, in relation to the financial statements taken as a whole, on the basis of accounting described in Note 1 to the financial statements and Note B to the schedules of expenditures of federal and state awards.

TOWN OF PHILLIPSBURG
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2010

Note 1: Summary of Significant Accounting Policies

A. Reporting Entity

Except as noted below, the financial statements of the Town of Phillipsburg include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the Town of Phillipsburg, as required by N.J.S. 40A:5-5. Accordingly, the financial statements of the Town of Phillipsburg do not include the operations of the municipal library, or volunteer fire and first aid squads.

Governmental Accounting Standards Board ("GASB") *Codification Section 2100, "Defining the Financial Reporting Entity"* establishes standards to determine whether a governmental component unit should be included in the financial reporting entity. The basic criterion for inclusion or exclusion from the financial reporting entity is the exercise of oversight responsibility over agencies, boards and commissions by the primary government. The exercise of oversight responsibility includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters. In addition, certain legally separate, tax-exempt entities that meet specific criteria (i.e., benefit of economic resources, access/entitlement to resources, and significance) should be included in the financial reporting entities. As the financial reporting entity was established in accordance with New Jersey statutes, the requirements of GASB Codification Section 2100 were not followed and, accordingly, the reporting entity could be different from accounting principles generally accepted in the United States of America.

B. Description of Funds

The accounting policies of the Town of Phillipsburg conform to the accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"). Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Town of Phillipsburg accounts for its financial transactions through the following separate funds:

Current Fund - Resources and expenditures for governmental operations of a general nature, including federal and state grant funds.

Trust Funds - Receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

General Capital Fund - Receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund.

Sewer Utility Operating and Capital Funds - Account for the operations and acquisition of capital facilities of the municipally owned sewer utility.

General Fixed Asset Account Group - These accounts were established with estimated values of land, buildings and certain fixed assets of the Town as discussed in Note 1E.

Note 1: Summary of Significant Accounting Policies (Cont'd)

C. Basis of Accounting

Basis of accounting refers to when revenue and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The accounting policies of the Town of Phillipsburg conform to the accounting principles applicable to municipalities which have been prescribed by the Division, which differ in certain respects from accounting principles generally accepted in the United States of America applicable to local governmental units. The more significant policies in New Jersey follow.

Revenue is recorded when received in cash except for certain amounts which may be due from the State of New Jersey and for the prepayment of future years' revenue. Grant revenue is realized in the Operating Funds when it is budgeted and in the Capital Funds when improvements are authorized. The amounts recorded as property taxes and consumer accounts receivable have not been included in revenue. Amounts that are due to the municipality, which are susceptible of accrual, are recorded as receivables with offsetting reserves in the Current Fund.

Expenditures are charged to operations generally based on budgeted amounts. Exceptions to this general rule include:

1. Accumulated unpaid vacation, sick pay and other employee benefit amounts are not accrued.
2. Prepaid expenses, such as insurance premiums applicable to subsequent periods, are not recorded and are charged to current budget appropriations in total.
3. Principal and interest on long-term debt are recognized when due.

Expenditures, if any, in excess of appropriations, appropriation reserves or ordinances become deferred charges which must be raised by future taxes. Outstanding encumbrances at December 31 are reported as a cash liability in the financial statements and constitute part of the statutory appropriation reserve balance. Appropriation reserves covering unexpended appropriation balances are automatically created at December 31 of each year and recorded as liabilities, except for amounts which may be cancelled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income.

Had the Town's financial statements been prepared under accounting principles generally accepted in the United States of America, encumbrances would not be considered as expenditures; appropriation reserves would not be recorded; revenue susceptible to accrual would have been reflected without offsetting reserves; Federal and State grants and assistance would be recognized when earned, not when received; inventories would not be reflected as expenditures at the time of purchase; and fixed assets purchased by the Sewer Utility Capital Fund would be depreciated.

The cash basis of accounting is followed in the Trust Funds.

TOWN OF PHILLIPSBURG
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2010
(Continued)

Note 1: Summary of Significant Accounting Policies (Cont'd)

D. Deferred Charges to Future Taxation – The General Capital Fund balance sheet includes both funded and unfunded deferred charges. Funded means that bonds have been issued and are being paid off on a serial basis. Unfunded means the debt has been authorized but not permanently financed. A municipality can eliminate an unfunded deferred charge by raising it in the budget or collecting a grant. The unfunded deferred charge may also be funded by selling bonds and by issuing loans or capital lease purchase agreements.

E. Other significant accounting policies include:

Management Estimates – The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents – Amounts include petty cash, change funds, amounts on deposit, and short-term investments with original maturities of three months or less.

Investments – Investments are stated at cost or amortized cost, which approximates market.

Allowance for Uncollectible Accounts – No allowance for uncollectible accounts has been recorded as all amounts are considered collectible.

Compensated Absences – Expenditures relating to unused vested accumulated vacation and sick pay are not recorded until paid.

Foreclosed Property - Foreclosed property is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved.

Interfunds - Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

Grants Receivable - Grants receivable represent the total grant awards less amounts collected to date. Because the amount of grant funds to be collected are dependent on the total costs eligible for reimbursement, the actual amount collected may be less than the total amount awarded.

Inventories of Supplies - The cost of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The cost of inventories is not included on the various balance sheets.

General Fixed Assets Account Group – In accordance with Technical Accounting Directive No. 85-2, Accounting for Governmental Fixed Assets, as promulgated by the Division of Local Government Services, the Town has developed a fixed assets accounting and reporting system based on the following:

TOWN OF PHILLIPSBURG
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2010
 (Continued)

Note 1: Summary of Significant Accounting Policies (Cont'd)

E. Other significant accounting policies include: (Cont'd)

General fixed assets are recorded at historical cost as estimated by the independent appraisal company which conducted the inventory of the Town's assets in 2003. Subsequent fixed assets purchases are valued at historical cost. Infrastructure assets are not included in general fixed assets, as per state directive. Major renewals and betterments are charged to the asset accounts; maintenance and minor repairs and replacements, which do not improve or extend the lives of the respective assets, are expensed currently. Donated fixed assets are valued at their fair market value on the date donated. The total value recorded for general fixed assets is offset by a "Reserve for General Fixed Assets." When properties are retired or otherwise disposed of, the asset and the reserve are adjusted accordingly. Assets recorded in the General Fixed Assets Account Group may also be recorded in the Current Fund, General Capital Fund and Sewer Utility Funds. The values recorded in the General Fixed Assets Account Group and the Current, General Capital and Sewer Utility Funds may not always agree due to differences in valuation methods, timing of recognition of assets, and the recognition of infrastructures. Capital assets are reviewed for impairment.

Property and equipment purchased by the Sewer Utility Fund are recorded in the capital account at cost and are not adjusted for dispositions and abandonments. Contributions in aid of construction are not capitalized. The balances in the Reserve for Amortization and Deferred Reserve for Amortization accounts in the utility capital fund represent charges to operations for the cost of acquisitions of property, equipment and improvements. The utility does not record depreciation on fixed assets.

- F. Budget/Budgetary Control – Annual appropriated budgets are usually prepared in the first quarter for the Current operating and Sewer Utility Operating Funds. The budgets are submitted to the governing body and the Division of Local Government Services. Budgets are prepared using the cash basis of accounting. The legal level of budgetary control is established at the line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the flexible chart of accounts referenced in N.J.S.A. 40A. All budget amendments/transfers must be approved by the Town during the year.

Note 2: Long-Term Debt

Summary of Municipal Debt

The Local Bond Law governs the issuance of bond to finance general Town capital expenditures. All bonds are retired in serial installments within the statutory period of usefulness. All bonds issued by the Town are general obligation bonds. The Town's full faith and credit and taxing power has been pledged to the payment of the general obligation debt principal and interest.

General Capital New Jersey Green Acres Loan

The Town entered into a \$250,000 loan agreement with the New Jersey Department of Environmental Protection in 2001 for Improvements to Delaware Heights Park. The loan funds were drawn down in 2005. Principal payments for this loan commenced on a semiannual basis beginning on July 11, 2006 and will continue until July 11, 2025 at 2% interest.

Wastewater Treatment Loans

The Town of Phillipsburg entered into three loan agreements with the State of New Jersey, acting by and through the NJ Department of Environmental Protection Fund (the "Fund"), and the NJ Wastewater Treatment Trust (the "Trust") which are recorded in the General Capital Fund. Also, the Town of Phillipsburg entered into five loan agreements with the State of New Jersey, acting by and through the NJ Department of Environmental Protection Fund (the "Fund"), and the NJ Wastewater Treatment Trust (the "Trust") which are recorded in the Sewer Utility Capital Fund.

The loan agreements were obtained to finance a portion of the cost of several wastewater treatment system projects.

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2010
(Continued)

Note 2: Long-Term Debt (Cont'd)

Wastewater Treatment Loans (Cont'd)

At December 31, 2010, the Town has borrowed or "drawn down" all Loan funds necessary to complete the wastewater treatment systems projects partially funded with the Loan funds. Principal payments to the Fund for the General Capital Fund loans will continue on a semiannual basis until February 1, 2013 at zero interest. Principal payments to the Trust for the General Capital Fund loans will continue on an annual basis until February 1, 2013. Principal payments to the Fund for the Sewer Utility Capital Fund loans will continue on a semiannual basis until February 1, 2013 at zero interest. Principal payments to the Trust for the Sewer Utility Capital Fund loans will continue on an annual basis until February 1, 2013. It is expected that interest will be paid from trust bond proceeds on deposit in the capitalized interest account (as defined in the bond resolution), and earnings thereon on the debt service reserve fund (as defined in the bond resolution) transferred to such capitalized interest account for two of the three General Capital Fund loans and four of the five Sewer Utility Capital Fund loans. The Town will nonetheless be responsible for all such interest payments to the extent such trust bond proceeds and interest earnings are not available from the capitalized interest account. As the Town did not draw down the entire loan proceeds on certain loans, the semi-annual Trust portion of the related loans' debt service was reduced by the proceeds not drawn down and the interest earnings on the Trust portion of the loan proceeds. The Fund proceeds not drawn down by the Town have been used to reduce the principal repayments at the end of the amortization period of the related loans.

Also, an annual administrative fee of fifteen one hundredths of one percent (.15%) of the initial principal amount of the loan or such lesser amount, if any, as the Trust may approve from time to time is payable on these loans.

N.J Environmental Infrastructure Loans

The Town of Phillipsburg entered into two loan agreements with the State of New Jersey, acting by and through the NJ Department of Environmental Protection Fund (the "Fund"), and the NJ Environmental Infrastructure Trust (the "Trust") which are recorded in the Sewer Utility Capital Fund.

The loan agreements were obtained to finance a portion of the cost of improvements to the Town sewage treatment plant.

At December 31, 2010, the Town has borrowed or "drawn down" \$1,211,714 of the \$2,799,220 Loan funds necessary to complete the improvements to the sewage treatment plant partially funded with the Loan funds. Principal payments to the Fund for the loan will continue on a semiannual basis until August 1, 2029 at zero interest. Principal payments to the Trust for the loan will continue on an annual basis until August 1, 2029.

Also, an annual administrative fee of fifteen one hundredths of one percent (.15%) of the initial principal amount of the loan or such lesser amount, if any, as the Trust may approve from time to time is payable on these loans.

The amount of fund balance at December 31, 2010, which was included in the introduced budget for the Current and Sewer Utility Operating Funds for the year ending December 31, 2011, are as follows:

Current Fund	\$ 800,000.00
Sewer Utility Operating Fund	-0-

Note 4: Local School District Taxes

Regulations provide for the deferral of not more than 50% of the annual levy when school taxes are raised for a school year and have not been requisitioned by the school district.

The Town of Phillipsburg has elected not to defer school taxes.

Note 5: Pension Plans

Current Town employees are enrolled in one of two cost sharing multiple-employer public employee retirement systems: the Public Employees' Retirement System (PERS) or the Police and Firemen's Retirement System (PFRS) of New Jersey. The State of New Jersey sponsors and administers these two plans which cover substantially all Town employees. As a general rule, all full-time employees are eligible to join one of these two public employees' retirement systems. Several retired Town police and firemen are enrolled in the Consolidated Police and Firemen's Pension Fund (CPFPF) of New Jersey.

Employees who are members of PERS and retire at a specified age according to the relevant tier category for that employee are entitled to a retirement benefit based upon a formula which takes "final average salary" during years of creditable service. Vesting occurs after 8 to 10 years of service. Enrolled PFRS members may retire at age 55 with a minimum of 10 years of service required for vesting.

TOWN OF PHILLIPSBURG
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2010
(Continued)

Note 5: Pension Plans (Cont'd)

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of each of the above systems, funds and trust. The financial reports may be obtained by writing to the State of New Jersey, Department of Treasury, Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey 08625-0295.

The contribution policy is set by New Jersey State Statutes and, in most retirement systems, contributions are required by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. Employee contributions are based on percentages of 5.5% for PERS and 8.5% for PFRS of employees' annual compensation, as defined. There are no active members in the CPFPF. Employers are required to contribute at an actuarially determined rate in the three Funds. The actuarially determined employer contribution includes funding for cost-of-living adjustments and noncontributory death benefits.

Town contribution to PERS amounted to \$292,683.00, \$267,803.00 and \$208,679.20 for 2010, 2009 and 2008, respectively. The annual pension cost ("APC") for PERS differs from the net pension obligation ("NPO") due to the enactment of Chapter 114 P.L. 1997 for 2008 as the APC was \$260,849.00 and the NPA was \$208,679.20. Town contribution to PFRS amounted to \$736,203.00, \$624,711.00 and \$578,689.00 for 2010, 2009 and 2008, respectively.

Note 6: Accrued Sick and Vacation Benefits and Compensatory Time

The Town permits employees to accrue a limited amount of unused vacation and sick pay and compensatory time, which may be taken as time off or paid at a later date at an agreed-upon rate. It is estimated that the current cost of such unpaid compensation would approximate \$1,433,000. This amount is not reported either as an expenditure or a liability. However, it is expected that the cost of such unpaid compensation would be included in the Town's budget operating expenditures in the year in which it is used.

Note 7: Selected Tax Information

Property taxes are levied as of January 1 on property values assessed as of the previous calendar year. The tax levy is divided into two billings. The first billing is an estimate of the current year's levy based on the prior year's taxes. The second billing reflects adjustments to the current year's actual levy. The final tax bill is usually mailed on or before June 14th along with the first half estimated tax bills for the subsequent year. The first half estimated taxes are divided into two due dates, February 1 and May 1. The final tax bills are also divided into two due dates, August 1 and November 1. A ten-day grace period is usually granted before the taxes are considered delinquent and the imposition of interest charges. A penalty may be assessed for any unpaid taxes in excess of \$10,000 at December 31 of the current year. Unpaid taxes of the prior year may be placed in lien at a tax sale held after April 1 and through December 31. Unpaid taxes of the current year may be placed in lien at a tax sale held after December 10.

Comparison of Tax Levies and Collection

A study of this tabulation could indicate a possible trend in future tax levies. A decrease in the percentage of current collection could be an indication of a probable increase in future tax levies.

<u>Year</u>	<u>Tax Levy</u>	<u>Currently</u>	
		<u>Cash Collections</u>	<u>Percentage of Collection</u>
2010	\$ 25,280,449.00	\$ 24,015,485.94	94.99%

2008	22,322,390.72	21,372,554.50	95.74%

Also, increases in future tax levies can also be warranted if revenue sources outside of those directly generated by the municipality, such as federal or state aid, should decline without corresponding decreases in budgeted expenditures.

Note 8: Cash and Cash Equivalents

Cash and cash equivalents include change funds, amounts on deposit, and short-term investments with original maturities of three months or less.

Investments are stated at cost, which approximates market. The Town classifies certificates of deposit which have original maturity dates of more than three months but less than twelve months from the date of purchase, as investments.

GASB Statement No. 40, *Governmental Accounting Standards Board Deposit and Investment Risk Disclosures*, requires disclosure of the level of custodial credit risk assumed by the Town in its cash, cash equivalents and investments, if those items are uninsured or unregistered. Custodial risk is the risk that in the event of bank failure, the government's deposits may not be returned.

Note 8: Cash and Cash Equivalents (Cont'd)

Interest Rate Risk – In accordance with its cash management plan, the Town ensures that any deposit or investments matures within the time period that approximates the prospective need for the funds, deposited or invested, so that there is not a risk to the market value of such deposits or investments.

Credit Risk – The Town limits its investments to those authorized in its cash management plan which are permitted under state statutes as detailed below and on the following page.

The market value of the collateral must equal 5% of the average daily balance of public funds; and

If the public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value equal to 100% of the amount exceeding 75%.

All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank Board or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

New Jersey statutes permit the Town to purchase the following types of securities:

- (1) Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America;

- (4) Bonds or other obligations of the local unit or bonds or other obligations of school districts of which the local unit is a part or within which the school district is located;
- (5) Bonds or other obligations, having a maturity date not more than 397 days from the date of purchase, approved by the Division of Investment of the Department of the Treasury for investment by local units;

Note 9: Risk Management

The Town is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Town obtains their health benefit coverage through Horizon Blue Cross/Blue Shield of NJ.

The Town of Phillipsburg is currently a member of the Statewide Insurance Fund (the "Fund"). The Fund provides its members with Auto, Liability, Property Insurance, Workers' Compensation and Employee Liability Insurance. The Fund is a risk-sharing public entity risk pool that is both an insured and self administered group of governmental entities established for the purpose of providing low-cost insurance coverage for its members in order to keep local property taxes at a minimum. Each member appoints an official to represent their respective entity for the purpose of creating a governing body from which officers for the Fund are elected.

Note 9: Risk Management (Cont'd)

As a member of this Fund, the Town could be subject to supplemental assessments in the event of deficiencies. If the assets of the Fund were to be exhausted, members would become responsible for their respective shares of the Fund's liabilities.

The Fund can declare and distribute dividends to members upon approval of the State of New Jersey Department of Banking and Insurance. These distributions are divided amongst the members in the same ratio as their individual assessment relates to the total assessment of the membership body. Note 10: Community Development Revolving Loan Program

In 1982, the Town of Phillipsburg received two Small Cities Community Development Block Grants from the New Jersey Department of Community Affairs. These grant funds were utilized to revitalize the downtown area of Phillipsburg and to create jobs for low-income people in the community. The grant funds were provided to eligible participants through low-interest loans. In 1984, the Town was granted approval from the New Jersey Department of Community Affairs to utilize loan repayments received for the provision of new loans for other projects which would provide for the creation of jobs for low-income people in the community. This program is included in the Other Trust Funds as the Community Development Revolving Loan Program.

TOWN OF PHILLIPSBURG
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2010
(Continued)

Note 11: Contingencies

The Town is periodically involved in various other lawsuits arising in the normal course of business, which often include claims for property damage, personal injury, and various contract disputes. In the opinion of management, the ultimate outcome of these lawsuits will not have a material adverse effect on the Town's financial position as of December 31, 2010.

Amounts received or receivable from grantors, principally the federal and state governments, are subject to regulatory requirements and adjustments by the agencies. Any disallowed claims, including amounts previously recognized by the Town as revenue would constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantors cannot be determined at this time, although Town officials expect such amounts, if any, to be immaterial.

Note 12: Interfund Receivables and Payables

The following interfund balances remained on the various balance sheets at December 31, 2010:

<u>Fund</u>	<u>Interfund Receivable</u>	<u>Interfund Payable</u>
Current	\$ 2,202.21	\$ 196,569.18
Federal and State Grant	196,569.18	
Animal Control		1,884.06
Other Trust		229.72
General Capital		88.43
Sewer Utility Operating	948.05	
Sewer Utility Capital		948.05
	<u>\$ 199,719.44</u>	<u>\$ 199,719.44</u>

The interfund receivable in the Current Fund reflects December 2010 interest earnings due from the Other Trust Funds and the General Capital Fund as well as the statutory excess in the Reserve for Animal Control Fund Expenditures. The interfund payable in the Current Fund represents the net of Federal and State Grant Fund expenditures paid by the Current Fund and Federal and State Grant Fund receipts collected by the Current Fund. The interfund payable in the Sewer Utility Operating Fund reflects December 2010 interest earnings due from the Sewer Utility Capital Fund.

Note 13: Economic Dependency

The Town receives a substantial amount of its support from federal and state governments. A significant reduction in the level of support, if this were to occur, may have an effect on the Town's programs and activities.

Independent Auditors' Report on Internal Control Over Financial Reporting
 and on Compliance and Other Matters Based on an Audit of Financial
 Statements Performed in Accordance with *Government Auditing Standards*

The Honorable Mayor and Members
 of the Town Council
 Town of Phillipsburg
 Phillipsburg, New Jersey

We have audited the financial statements of the Town of Phillipsburg, in the County of Warren (the "Town") as of, and for the years ended, December 31, 2010 and 2009 and have issued our report thereon dated May 6, 2011, which indicated that the financial statements have been prepared on an other comprehensive basis of accounting. We conducted our audits in accordance with auditing standards generally accepted in the United States of America, audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Town's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing our opinion on the effectiveness of the Town's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Town's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

The Honorable Mayor and Members
of the Town Council
Town of Phillipsburg
Page 2

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards. However, we noted certain matters that we reported to management in the comments and recommendations section of this report.

This report is intended solely for the information and use of management, the Mayor and Members of the Town Committee, others within the Town and to meet the requirements for filing with the Division of Local Government Services, and federal and state awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

Independent Auditors' Report on Compliance with Requirements That Could Have a Direct and Material Effect on Each Major Program and on Internal Control Over Compliance in Accordance with OMB Circular A-133 and New Jersey's OMB Circular NJOMB 04-04

The Honorable Mayor and Members
of the Town Council
Town of Phillipsburg
Phillipsburg, New Jersey

Compliance

We have audited the compliance of the Town of Phillipsburg in the County of Warren (the "Town") with the types of compliance requirements described in the U.S. Office of Management and Budget (the "OMB") *Circular A-133 Compliance Supplement* and the *New Jersey State Aid/Grant Compliance Supplement* that could have a direct and material effect on each of its major federal and state programs for the year ended December 31, 2010. The Town's major federal and state programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal and state programs is the responsibility of the Town's management. Our responsibility is to express an opinion on the Town's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; OMB Circular A-133, *Audits of States, Local Governments and Nonprofit Organizations*, and New Jersey's OMB Circular NJOMB 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid*. Those standards, OMB Circular A-133 and New Jersey's OMB Circular NJOMB 04-04 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the Town's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Town's compliance with those requirements.

In our opinion, the Town complied, in all material respects, with the requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended December 31, 2010.

Internal Control Over Compliance

The management of the Town is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal and state programs. In planning and performing our audit, we considered the Town's internal control over compliance with requirements that could have a direct and material effect on a major federal or state program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133 and the *New Jersey State Aid/Grant Compliance Supplement*, but not for the purpose of expressing our opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control over compliance.

The Honorable Mayor and Members
of the Town Council
Town of Phillipsburg

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the Mayor, the Members of the Town Council, Management of the Town, and to meet the requirements for filing with the Division of Local Government Services, federal and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

COMMENTS AND RECOMMENDATIONS

YEAR ENDED DECEMBER 31, 2010

TOWN OF PHILLIPSBURG
COMMENTS AND RECOMMENDATIONS

Contracts and Agreements Required to be Advertised for N.J.S.A. 40A:11-4

N.J.S.A. 40A:11-3 states:

a. " When the cost or price of any contract awarded by the contracting agent in the aggregate does not exceed in a contract year the total sum of \$17,500, the contract may be awarded by a purchasing agent when so authorized by ordinance or resolution, as appropriate to the contracting unit, of the governing body of the contracting unit without public advertising for bids, except that the governing body of any contracting unit may adopt an ordinance or resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If the purchasing agent is qualified pursuant to Subsection b. of Section 9 of P.L. 1971, C.198 (N.J.S.A. 40A:11-9), the governing body of the contracting unit may establish that the bid threshold may be up to \$25,000. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section.

b. Any contract made pursuant to this section may be awarded for a period of 24 consecutive months, except that contracts for professional services pursuant to subparagraph (i) of paragraph (a) of subsection (1) of section 5 of P.L. 1971, C.198 (N.J.S.A. 40A:11-5) may be awarded for a period not exceeding 12 consecutive months. The Division of Local Government Services shall adopt and promulgate rules and regulations concerning the methods of accounting for all contracts that do not coincide with the contracting unit's fiscal year.

c. The Governor, in consultation with the Department of the Treasury, shall, no later than March 1 of every fifth year beginning in the fifth year after the year in which P.L. 1999, C.440 takes effect, adjust the threshold amount and the higher threshold amount which the governing body is permitted to establish, as set forth in subsection a. of this section, or the threshold amount resulting from any adjustment under this subsection, in direct proportion to the rise or fall of the index rate as that term is defined in section 2 of P.L. 1971, C.198 (N.J.S.A. 40A:11-2), and shall round the adjustment to the nearest \$1,000. The Governor shall, no later than June 1 of every fifth year, notify each governing body of the adjustment. The adjustment shall become effective on July 1 of the year in which it is made."

N.J.S.A. 40A: 11-4 states: "Every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. The governing body of a contracting unit may, by resolution approved by a majority of the governing body and subject to subsections b. and c. of this section, disqualify a bidder who would otherwise be determined to be the lowest responsible bidder, if the governing body finds that it has had prior negative experience with the bidder."

Effective July 1, 2005, the bid threshold in accordance with N.J.S.A. 40A:11-3 and 40A:11-4 (as amended) is \$21,000, and with a qualified purchasing agent the threshold may be up to \$29,000.

Effective July 1, 2010, the bid threshold in accordance with N.J.S.A. 40A:11-3 and 40A:11-4 (as amended) is \$26,000, and with a qualified purchasing agent the threshold may be up to \$36,000.

The governing body of the Town of Phillipsburg has the responsibility of determining whether the expenditures in any category will exceed the bid threshold within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Town Counsel's opinion should be sought before a commitment is made.

The minutes indicated that bids were requested by public advertising per N.J.S.A. 40A:11-4. The minutes also indicated that resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services".

COMMENTS AND RECOMMENDATIONS

Contracts and Agreements Required to be Advertised for N.J.S.A. 40A:11-4 (Cont'd)

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed. None were noted.

Collection of Interest on Delinquent Taxes and Sewer Rents

The statute provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent.

On January 25, 1994, the governing body adopted the following ordinance authorizing interest to be charged on delinquent taxes:

“WHEREAS, the Town of Phillipsburg wishes to set forth procedures for the collection of taxes;

NOW, THEREFORE, BE IT ORDAINED by the Town Council of the Town of Phillipsburg that the procedures are set forth as follows:

DELINQUENT TAX PAYMENTS

The below-stated charges shall be assessed against delinquent accounts:

Interest – 8% per annum on first \$1,500. 18% per annum on amounts in excess of \$1,500.

Penalties – Additional 6% on amounts in excess of \$10,000 as of December 31 current year.

Grace Period – A ten (10) day grace period shall be granted for the payment of current taxes.”

It appears from an examination of the Collector's records that interest was collected in accordance with the foregoing ordinance.

Delinquent Taxes and Tax Title Liens/Sewer Liens

The last tax sale was held on November 23, 2010, and was complete with respect to all items eligible for sale.

The following comparison is made of the number of sewer and tax title liens receivable on December 31, of the last three years.

<u>Year</u>	<u>Number of Liens</u>
2010	26
2009	26
2008	7

It is essential to good management that all means provided by statute be utilized to liquidate tax title liens and sewer liens in order to get such properties back on a taxpaying basis.

TOWN OF PHILLIPSBURG
COMMENTS AND RECOMMENDATIONS
(Continued)

Municipal Court (Cont'd)

During our review of the Municipal Court records, we noted that there were a large number of tickets on the tickets assigned to an officer but not issued report which had been issued over six months ago. The Court Administrator has made an effort to obtain these tickets from the respective officers and void them.

It is recommended that the Court Administrator continue to pursue collection of the older tickets on the tickets assigned to an officer but not issued report so that these tickets may be voided.

Management's Response

The Court Administrator will continue to pursue collection from the respective officers of the older tickets on the tickets assigned to an officer but not issued report.

Capital Fund

There is one General Capital Fund ordinance which is over five years old and which has a deficit cash balance at December 31, 2010. This situation arises when expenditures are made from an ordinance without the respective debt being issued. As the amount of the cash deficit is included as a budget appropriation in the 2011 budget, no formal recommendation is judged to be warranted.

Community Development Block Grant Revolving Loan Program

During our review of the Community Development Block Grant Revolving Loan Program receivable analysis, it was noted that there are a number of borrowers who are delinquent in paying back their loan balances. The Town has been pursuing collection of these delinquent balances. Additionally, the Town does not prepare monthly bank reconciliations for the Community Development Block Grant account or reconcile the receivable analysis prepared by the bank with the activity per the monthly bank statements.

It is recommended that monthly bank reconciliations be prepared for the Community Development Block Grant account, which are reconciled with the receivable analysis prepared by the bank, and that a continuing effort be made to pursue collection of the delinquent Community Development Block Grant Revolving Loan balances.

Management's Response

The Town will continue to pursue collection of these delinquent balances and will prepare monthly reconciliations which are reconciled with the receivable analysis. The bank has already been contacted to correct the errors between accounts.

Fixed Assets Accounting Records

During our review of the fixed assets accounting records, it was noted that certain items were included in the fixed assets accounting records which had been disposed of, certain other fixed assets, including certain police vehicles, had not been recorded and certain assets had been included twice on the fixed assets listing.

It is recommended that extra care be taken to ensure that the fixed assets of the Town be properly reflected in the fixed assets accounting records.

Fixed Assets Accounting Records (Cont'd)

Management's Response

The Town will make every effort to ensure that all changes are properly reflected in the fixed assets records.

Single Audit

ARRA Clean Water State Revolving Fund

The Town received American Recovery and Reenactment act ("ARRA") funding for the improvements to the Town's Sewage Treatment Plant. As per federal regulations, the Town is required to account for expenditures of ARRA funds separately from expenditures of non-ARRA funds. Expenditures of ARRA funds are recorded in the expenditure account in the Sewer Utility Capital Fund general ledger as part of ordinance #2009-13, along with other non-ARRA expenses for the same project. However, since the Town was directed by the New Jersey Department of Environmental Protection to draw down ARRA funds first before non-ARRA funds and the Town is able to distinctly identify each ARRA funded expenses within their general ledger which are reported on the reimbursement requests, a formal recommendation is not deemed necessary.

Corrective Action Plan

All recommendations except for recommendations 2 and 5 from the 2009 audit have been resolved. The Town is in the process of implementing corrective action to resolve these recommendations.

TOWN OF PHILLIPSBURG
SUMMARY OF RECOMMENDATIONS

It is recommended that:

1. The Court Administrator continue to pursue collection of the older tickets on the tickets assigned to an officer but not issued report so that these tickets may be voided.
2. Monthly bank reconciliations be prepared for the Community Development Block Grant account which are reconciled with the receivable analysis prepared by the bank. Also, a continuing effort should be made to pursue collection of the delinquent Community Development Block Grant Revolving Loan balances.
3. Extra care be taken to ensure that the fixed assets of the Town are properly reflected in the fixed assets accounting records.
