Open Discussion and Updates

Lehigh Carbon County is looking for donations.

LEE Services submitted a UEZ Grant Application for signage for the front of the building. Mayor Ellis will make sure the Historic Preservation Committee has the information from LEE Services.

Ms. Meissner read the email from Councilwoman Danielle Degerolamo. The board discussed each section at great length. The members felt many comments were inconsistent or not a UEZ matter. The UEZ can discuss the concerns at another meeting, if she would like.

Robina Middleton was going to be an alternate member but decided not to join the board.

The board discussed the use of cell phones during the meeting and how it can be distracting. They decided that there shall be no cell phone usage during the UEZ meetings.

Mr. Corcoran motioned to adjourn at 7:37 and Gayle Rogers seconded. The motion carried.

Respectfully submitted,  
Charee Carney
