

## MAYOR'S REPORT 4/7/20

First, I would like to say that my first concern is the residents and looking out for their well-being. We continue to be on conference calls daily to help with the fight of the coronavirus and to keep updated on any changes that will help our citizens. Please keep the 6 FT. distance and follow all guidelines set by the CDC, this will help with the spread of the virus. The CDC is also asking everyone to wear masks when out in public.

Warren County is setting up a testing station which will be located at the Warren Tech School located on RT. 57. The testing will begin on Wed. April 8<sup>th</sup>. The Warren County website for information on testing is posted on the Phillipsburg website.

The municipal building continues to be closed to the public and we are working on a modified work schedule. We continue to keep lines of communication available to all our residents through these tough times.

The budget meeting will be held through Zoom on Thursday April 9<sup>th</sup>. Information will be posted to the Phillipsburg website and Phillipsburg Facebook page.

Today Governor Murphy closed all State and County Parks. As of today, Phillipsburg's parks remain open. It is our intention to keep our parks open if the public respects social distancing. Please remember to practice social distancing for your safety as well as others. We will continue to monitor this situation.

Be positive and stay safe so we can all get through this together.

Respectfully Submitted  
Todd M. Tersigni  
Mayor of Phillipsburg
