

## **MAYOR'S REPORT**

### **JUNE 3, 2020**

Great news, as we are anticipating a TCO to be used for building 6 shortly on the Bridge Project, which will be occupied by White Claw. Jobs are coming to Phillipsburg

Our Police Dept. is back to work full force and our DPW is also back with full staff. All town employees have been working together to keep all residents needs accommodated. This has been a trying time and the Town of Phillipsburg has pulled together to make sure that the Coronavirus did not bring us down.

I am exciting to announce there will be a soft opening of the parks starting June 6<sup>th</sup>. We will open the pavilions and picnic areas. Please follow the 25 people gathering and social distancing rules. Discussions will be coming soon for the apparatuses to open.

With my full support there will be a peaceful protest scheduled for June 6<sup>th</sup> at 12:00 PM starting at Shappell Park.

Protective glass is being installed Saturday to protect both the employees and public when the state gives the OK to open the municipal building. Also, sanitation process will be done as in the past.

Respectfully Submitted,  
Todd M. Tersigni  
Mayor of Phillipsburg
