

MAYOR'S REPORT

SEPTEMBER 15, 2020

Good evening everyone. Hope all is well

First, the Town of Phillipsburg and myself would like to offer our deepest condolences to the Pyatt family. Rest in Peace Assistant Fire Chief Howard "Zeke" Pyatt for the many volunteer years you gave to the town of Phillipsburg. You will be sadly missed.

One of the Bridge properties is now occupied by Romark. The 450,000 sq. ft. building is being housed with White Claw. This is history in the making and I would like to welcome them to Phillipsburg. This will bring jobs that are desperately needed to our town. Last week I had the honor of meeting and watching the workers perform their duties at that site.

The Town held a 9/11 memorial ceremony at Shappell Park to remember all the lives that were taken on September 11, 2001. Thank you to all that put this together and to everyone that spoke at this event. We greatly appreciate it.

Join us for the 2nd Annual Community Day of Action being held Saturday September 19th. Location for the event will start at Shappell Park at 8:30 AM. Kickoff will be at 9:00. We want to Greenup Phillipsburg with planting, sprucing up the parks, painting, street cleaning and much more. Go to our town Facebook page to register.

Sewer lines continue to be fixed. Once this is done, we will start paving the streets. Please be patient as some roads may be closed during this process.

With sadness, Mayor Panto and myself have come to an agreement that we will be cancelling our Halloween Parade for this year. Trick-or-Trick will be going on as scheduled foreseeing any changes with the Governor.

Respectfully Submitted,
Todd M. Tersigni
Mayor of Phillipsburg
