

**MAYOR'S REPORT
SEPTEMBER 1, 2020**

Good evening everyone, I hope all is well.

Last Friday Montana Construction started the much-needed sewer repairs. I want to thank our Council for allocating the funds to move this project forward. The sewer work will take approximately two months to complete. Paving roads will start thereafter. Promises made promises kept.

Richard Gottesman from CGP&H LLC, Affordable Housing Planning Consultant and Housing Rehabilitation Services will be putting together a spending plan for the town to utilize funds collected from the 2.5% nonresidential fee charged to new construction.

We are working with the Phillipsburg Board of Education to secure another lease for Freeman and Andover Schools. This Administration including Council will release the permanent place soon.

I will like to wish everyone a safe and Happy Labor Day weekend.

Please join our ceremony that will be held on 9/11, 10:00 AM at Shappell Park for the people lost on that day 19 years ago. I, along with Rich Hay our Police and Town Council will be there to honor our fallen.

Join us in the 2nd Annual Community Day of Action. This event will be held on Saturday, September 19th. Check in is 8:30 AM at Shappell Park, kick off at 9:00 and wrap up and celebration will be at 11:00 at the same location.

As requested by resident James Fuoco, we will be installing a perennial in front of the municipal building to honor those who lost their lives on 9/11/2001.

Respectfully Submitted
Todd M. Tersigni
Mayor of Phillipsburg
